Alexandria Gusette. THURSDAY EVENING, JUNE 11, 1896

BALL OF FIRE BURSTS ON A SHIP .-Captain Dickson, of the British bark Endora, reports an unusual electrical display during a storm in the South Wonderful New Pacific. The Eudora left Junin, Chili, on February 29, and while beating down the coast towards Cape Horn, the storm was seen approaching the vessel's stern, snapping and sizzling like a wall of fire, but traveling at only a moderate speed, the wind being light

When the storm struck the vessel it blew with the force of a hurricane, and for a time it looked as if the masts would be blown out. There was a great electrical display all over the rigging, and a great ball of fire floated near the mizzen mast and exploded with the report like that of a Krupp gun. The crew were dazed and nearly blinded, but fortunately no one was seriously hurt. The vessel labored heavily in the sea, and the wire rigging was ablaze with electricity. The storm oon cleared away, and the sea at once b came as calm as before.-Philadel

If it required an annual outlay of \$100.00 to insure a family against any serious consequences from an attack of bowel complaint during the year there are many who would feel it their duty to pay it; that they could not afford to risk their lives, and those of their family for such an amount. Any one can get this insurance for 25 cents, that being the price of a bottle of Chamber-lain's Colic, Cholera and Diarrhoea Remedy. In almost every neighbor-bood some one has died from an attack of bowel complaint before medicine could be procured or a physician summoned. One or two doses of this remedy will cure any ordinary case. It never fails. Can you afford to take the risk for so small an amount? For sale by L. Stabler & Co., druggists.

Seashore Excursions On Fridays and Saturdays, during June, July and August the Pennsylvania Railroad Company will sell excursion tickets for the 10:00 and 11:00 a. m. trains from Washington to Atlantic City.
